
Please select a Shipping Method!

Posted by Juanny - 2007/06/01 14:57

I've tried to order a lot of stuff from you but always get this:

"Please select a Shipping Method!"

I've sent a few emails through the Contact Us forum, and I love Tearstone and want to support you guys, but I constantly come here first, but when that happens and I need something, I have to order it from a competitor.

Is there a fix for this?

I notice on your account you don't have a shipping address, can you send me an email at rsanderlin@tearstone.com so I can put that in to see if that fixes your issue?

Also, please don't hesitate to call our orders line at 407-580-1667 to place an order as well.

Thank you very much :)

Okay, I sent the e-mail!

Thanks, Russ!
