
Billet Fuel Rail Adapter

Posted by run1206 - 2008/04/16 21:38

totally forgot that tearstone had a forum so i'll write here as well.:blush:

I ordered the Billet adapter on March 27th, and the payment went through my checking account, yet i haven't received the item yet :(

I just came from my house and searched around, though my parents haven't seen the package come in yet.

I also checked on the site in reference to the status and noticed the order is "Pending".

Russ has emailed me yesterday and verified that the shipment was made.:unsure:

Can either he or anyone from Tearstone please let me know about my order; i'm 100% sure that i haven't received my package yet. Thank you in advance.
